

Tired Again

Stanfour

You've got high demands
And I don't understand
Please tell me why you stayed
With me for that long!
It's obvious that you don't
Even look at me
A puppet on a string
Oh yep lets see
Whenever we go out I
Know that you don't care
Your eyes are wondering
Checking if he's there!
You tell me this and that
And how I should react
I've had it up to here
As a matter of fact!

I am one step away
Falling off the edge again
I should run away, oh

I'm tired of fighting
And now it's too late
You don't need to come home
I'm tired of falling
I'm going to break
I can't do this anymore
I'm tired of being
So tired again
And it's getting hard for me
To stay awake

Don't you get me wrong
Cause I don't wanna hurt you
But this ain't working out
And it's just not good
We built this up on lies and I
Cried too many times
Now I don't want to
Compromise no more
No I don't wanna hear
Another word you say
You're pressing the wrong
Buttons anyway
Can't find them in your book
Go take a second look
This is how I feel
This is how I feel

I am one step away
Falling off the edge again
I should run away, oh

I'm tired of fighting
And now it's too late
You don't need to come home
I'm tired of falling

I'm going to break
I can't do this anymore
I'm tired of being
So tired again
And it's getting hard for me
To stay awake

Oh

Yeah your clever and I do know
That you're pretty with a good soul
What about us? Seems irrelevant now, oh
I've been suffering in your jigsaw
You say I want to fit in no more!
I want to break out, break out

Stay, you got me

I'm tired of fighting
And now it's too late
You don't need to come home
I'm tired of falling
I'm going to break
I can't do this anymore
I'm tired of being
So tired again
And it's getting hard for me
To stay awake

Oh

I'm tired of fighting
And now it's too late
You don't need to come home
I'm tired of falling
I'm going to break
I can't do this anymore
I'm tired of being
So tired again
And it's getting hard for me
To stay awake
