

# Wishing You Well

Stanfour

Thoughts of you  
My hand clenched white  
I write it down  
Will these words catch flight?

I wish life was  
A starlet scene  
With scripted lines  
Said perfectly

Wishing you well  
We say our last goodbye  
This is farewell, so  
Good luck and goodbye

Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm  
Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm

Turn the page  
A chapter ends  
When one love dies  
Another one begins  
Like fire burning  
Buildings down  
Like a symphony's resolving  
Resolving sound

Wishing you well  
We say our last goodbye  
This is farawell, so  
Good luck and goodbye

Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm  
Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm

Colors in your life  
I'll wait for you  
Open your eyes  
Open your eyes

Wishing you well  
We say our last goodbye  
This is farawell, so  
Good luck and goodbye

Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm  
Just say goodbye

Oh ohohohoh  
Oh ohohohohoh  
Hm, hm, hm, hm  
Just say goodbye

Oh, try goodbye  
Oh, hey
