

# World Of Silence

Stanfour

How you gonna see tomorrow  
You're wide awake but fast asleep  
Is it gonna take forever  
To watch you swallow your whole life  
I'm not gonna wait till they tear you away  
And they screw you up, so you hide your face

Does it feel okay  
Do you wanna make the same mistakes  
Cause the world you live in  
Keeps you silent

Do you feel okay  
What's it gonna take to wake you up  
What's it gonna take to wake you up  
From your world of silence

How does it make you feel now  
Do you burn your eyes when you look to the sun  
Is it gonna take forever  
To prove that you're the perfect one  
I don't want to wait you fall to the sea  
You'll never know what you mean to me

Does it feel okay  
Do you wanna make the same mistakes  
Cause the world you live in  
Keeps you silent

Do you feel okay  
What's it gonna take to wake you up  
What's it gonna take to wake you up  
From your world of silence

Past reflections of you up against the wall  
It reminds me of the way we used to be  
It's getting late, will you set me free

Does it feel okay  
Do you wanna make the same mistakes  
Cause the world you live in  
Keeps you silent

Do you feel okay  
What's it gonna take to wake you up  
What's it gonna take to wake you up  
From your world of silence

Do you feel okay  
Do you wanna make the same mistakes  
Cause the world you live in  
Keeps you silent

Does it feel okay  
What's it gonna take to wake you up  
What's it gonna take to wake you up  
From your world of silence
