

# Robots In Need Of Disguise

Starbomb

Rolling out motherfuckers it's the Robots in Disguise  
Led by Optimus Prime, a bot whose power never dies  
Cars and vans and planes, fuckin' construction trucks  
They're going under cover cause Decepticons don't give a fuck.

Autobots it's time for rolling out.  
Oh my God, that truck is Optimus without a doubt!  
Uh, no I'm not.  
Yes you are my dearest robot bro  
You guys been on my lunch box since the 19 fuckin' 80's yo  
Oh balls, Autobots listen here  
I think it's time to try to find another way to disappear  
New disguises that our enemies can never recognize  
Bumblebee become a burger! Prowl you are a side of fries!  
Huh?  
Do it! Don't you wanna light our darkest hour  
Jazz you are a birthday cake, you got the touch I got the flour!

Autobots, roll out  
Let's show them what we're all about  
We'll catch'em by surprise  
When we're in disguise  
As a trout, flower sprouts  
And a tiny Asian girl scout  
Now the time has come  
To rock the Decepti-scum  
You better be alert  
Cause we can now convert  
To a skirt polo shirt  
And a little mound of wet dirt  
Megatron will pay  
As soon as I take on the form of this delightful souffle, OK!

After hours and hours of transforming into stuff  
The Autobots decided on a plan that's super duper tough

Those Decepti-dicks won't see us coming at all  
When we roll up together as random kiosks at the local mall  
Who'd even take to guess  
That Bumblebee is selling cell phone chargers for 3 dollars less, I said  
They'll never know we're here  
While we're hawking beauty products making teenage acne disappear  
As if they could stop Ratchet before bitch  
He's combined with Ironhide to form a turkey sandwich  
And I haven't even mentioned the ace that's up my sleeve  
He rocks a jet engine that'll make your ears bleed  
He'll betray Megatron plus he's boisterous and loud  
This is your moment come on Starscream now break it down!

Hey, this...I'm Starscream-  
What?  
I just...I just wanted say that Megatron you-  
Speak up man.  
Megatron you're going down I'm gonna win.  
Spea- I'm gonna win, I'm Starscream  
Oh, come on!  
Starscream rules Alright, you know what forget it!

Autobots let's fight  
These enemies with all our might  
Time to do what's right  
And transform tonight  
To 5 kites, egg whites  
And a family of field mice  
The Decepticons  
Are now ten tanks and a giant gun  
Well Grimlock's a rake  
And I'm a warm milkshake  
There's a small chance that we made a very tiny mistake  
Well it's too late now  
We're the good guys and I'm sure that everything will work out

Megatron, you're going down-  
Optimus I had real.. I a-  
Starscream, SHUT UP!  
Oh, mmm-k.
