

## Sonic's Best Pal

Starbomb

Hey kids, would you like to hear a fun story about Sonic and Tails? (Eat a dick!)

Great! Here we go!

Sonic the Hedgehog, hero to all  
When the world needed saving, he would answer the call  
His little friend Tails was part of the team  
But he was shitty and small, and had low self esteem  
So when they gathered all the Chaos Emeralds  
Tails stole them and put em under his genitals  
He pawned them all in spending spree  
For his crippling addiction to PCP  
"Come on" Sonic said, "Let's go collect rings  
And run through the meadow and jump on springs  
We'll laugh and we'll play all day and all night  
Why, your eyes are red, Tails, are you feeling alright"

Yo, fuck your rings, Sonic, it's time to get real  
I wanna kill a motherfucker just to see how it feels  
If you dare to come at me, you better come at me strong  
I'll break your sorry-ass legs if you look at me wrong  
I'm Tails the fox, you little bitch, and I'm on the attack  
My endocrine system is fucking riddled with crack  
Now I've got hallucinations that are out of control  
And I can taste colors, and I'm gonna skull fuck your soul

Hey Tails, we've got fun times in store  
What's the first thing you'd like to do today (WHORES)  
Ha, you're funny, we'll have a great time  
There are lakes to swim in and mountains to (WHORES)  
So, Sonic and Blaze played a game of lacrosse  
While Tails slammed a bunch of sluts like a boss  
He was about to bust nuts all up in a ho  
When Robotnik showed up (Aw hell no)  
Tails knew he must defend the whole city  
So he stopped doing blow off the hooker's stank titties  
Sonic said "Robotnik you gosh darn clown  
I'm gonna jump on you until you fall down"

Hey stand the fuck back, I've got a better solution  
It's time for old school, street justice death execution  
Robo-bitch, here's some motherfucking caps for your head  
Blaow blaow, now that egg-shaped cocksucker's dead  
I'm Tails the fox, do I have to fucking say it again  
I am exploding with evil that you cannot comprehend  
I just committed a murder, but there is no time to rest  
Let's get our friends over, have a giant forest fuck fest

Sonic was too traumatized to reply  
It was the first time he'd ever seen another man die  
But it wasn't the last  
Tails made sure of that  
When he broke Big's spine and wore his ass as a hat  
Tails the fox, his mind is blown  
And he'll kick you right in your special zone  
I think I'm gonna call the cops on him  
But he will never know about it

Oh fuck! [gunshots]
