

I Need A Father

Starfield

Hold me somebody
Don't let me be alone
Love me, stay with me
I am dying to be known
My heart cries out

I need a Father
Whose love will never fail me
A friend like no other
Whose trusted arms will hold me
I need a Father

I am wounded
But I tuck the pain away
Free me, heal me
I don't want to be afraid
My heart cries out

Here's my heart
Be tender, please
Let me know your love for me
Here's my heart
I'm on my knees
I will trust
'Cause I believe

You are my Father
Your love will never fail me
A friend like no other
Your trusted arms will hold me
You are my Father
