

## Card Games & Old Friends

Starflyer 59

Say goodbye  
It's no life  
We never realized  
Where we've been  
Sad ends  
We never realized

Card games and old friends  
Always no sad ends  
Card games and old friends  
You mess it up

No surprise  
Different lives  
Express the world on time  
Sad ends  
To bad ends  
We never realized

Card games and old friends  
Always no sad ends  
Card games and old friends  
You mess it up
