## **Card Games & Old Friends**

Starflyer 59

Say goodbye
It's no life
We never realized
Where we've been
Sad ends
We never realized

Card games and old friends Always no sad ends Card games and old friends You mess it up

No surprise
Different lives
Express the world on time
Sad ends
To bad ends
We never realized

Card games and old friends Always no sad ends Card games and old friends You mess it up
