

I Drive A Lot

Starflyer 59

And if you mean it a lot
I'm talking just to waste my day
I drive a lot
I drive a lot

Think of things I'd be
With time to kill and just had lots of money
Time to kill and just had lots of money

When I'm all worked up I think of friends of mine now 35

And if you need it a lot
I'm talking just to hear myself
I drive a lot
I drive a lot

Think of things I'd be
With time to kill and just had lots of money
Time to kill and just had lots of money

When I'm all worked up I think of friends of mine now 35

Time to kill and just had lots of money
