

I wish you would stake the claim  
Turned too far for your will  
And I feel I failed your will  
And you come later  
And the healer  
Makes better and better and better

Le vainqueur  
And it's better  
Le vainqueur

I'm coming around  
To take all your messages down  
And I feel I failed your will  
And you come later  
A healer  
And better and better

Le vainqueur  
And better  
Le vainqueur
