

No More Shows

Starflyer 59

When there's no heart
Yeah, I wanna live again
Can't delay it no, no more
No youve got no heart

I try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more shows

When there's no goals
Yeah, I wanna live again
Can't delay it no, no more
No you've got no soul

I try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more shows

I try to sleep but I think a lot
I'm driving streets that just never stop
When you know there's gonna be
When you know there's gonna be no more shows
