Foolish is my pride, don't know why I believed, cause she tell me tha

Every time she be like, "It's all yours."
" Really think I might go cures but see me I like victors.
I'm the type to drop a line like, "Can you keep a secret? Can you kee

" On the way OT I might just fly you in this weekend.
And I'm not trying to play no games, nah I'm not trying to play no ga

Paying for the meal if the head game right.
Paying for the room, not staying for the night.

When we out in public, act like you don't see me.
