Starlito

[Verse 1:]

Got this worst em ass bitch  
Always go through my shit  
My phone passcode, my pin number  
Bitch you couldve been rich  
Hacked all of my passwords  
Called her every bad word I could think of  
And in the blink of an eye, we're eye liner fuxin  
Make up sex  
Wake up weekly to break up texts  
Just cause some girl in yo beauty shop  
Say that I fucked my ex  
Well, let me ask you this  
How she know?  
I mean, how she know you?  
And how she know me?  
And how she know, you know me  
You know these hoes be..  
Nosey, Messy, they wanna see you stressin  
Cause they don missed they blessings  
Like I suggest, dont ask me no questions BITCH!

[Chorus:]

All I do is think of you, day and night thats all I do  
All I do is think of you, day and night thats all I do  
All I do is think of you, day and night thats all I do  
I cant get you off my mind, think of you all the time

[Talking:]

Ooh, you get on my nerves!  
Ion fuck wit you, but I fuck wit ya  
Guess I'm stuck wit ya

[Verse 2:]

Soon as I power on my phone  
Here go another picture  
Then I be like what you send that for  
She say because I miss you  
Aww, It probably sounding good to another nigga  
Send her a picture back of 37 racks and a couple of  
pistols  
Ima thug nigga, owe it all to my blood nigga  
And shout out to my scale,  
She aint tell when we was in cuffs nigga  
Thats why I'm stuck wit her  
Thats a real bitch  
But what about this other bullshit  
I gotta deal wit  
Pullin up, unannounced  
Interrupting at the studio  
Tweetin my fans, callin em groupie hoes  
Ion wanna go thru this nomoe  
STUPID HOE!

[Chorus:]

All I do is think of you, day and night thats all I do  
All I do is think of you, day and night thats all I do

All I do is think of you, day and night thats all I do  
I cant get you off my mind, think of you all the time

[Talking:]

I mean what did you expect?  
Ion give a fuck!

[Verse 3:]

What did you expect?  
First night we met  
I said hi im Lito  
You introduced me to yo neck  
Ain even kno yo name  
I was hittin it from the back  
And ain too much remember  
I was on liquor and a sack  
I just be kickin it how I be kickin it  
Tagged me in a pick  
And I admit that you look different  
After the 14th voicemail  
Well, I stopped listenin  
And just cause I'm ignoring you  
Doesnt mean I'm ignorant  
You belligerent, insignificant, typical-chick,  
hypocrite  
Thats why I called you BITCH!  
And I meant that shit

[Chorus:]

All I do is think of you, day and night thats all I do  
All I do is think of you, day and night thats all I do  
All I do is think of you, day and night thats all I do  
I cant get you off my mind, think oft you all the time

[Talking]
