

No One Is Lost

Stars

Another life, another weekend
Another lonely roller looking for a friend
A blood eye kin, an empty vessel
He's probably crazy but he knows it's gonna end
Look at your face, look in the mirror
You see your eye light and you close your eyes
Look at the lights, look at the city
Who's gonna be here when everybody dies
Put your hands up 'cause everybody dies
Put your hands up 'cause everybody dies
Put your hands up 'cause everybody dies
Put your hands up 'cause everybody dies
Until then, that will listen
No one is lost
Put your hands up 'cause everybody dies
Put your hands up 'cause everybody dies
Until then, that will listen
No one is lost

Another life, another weekend
Another message checker looking for a friend
You got a pulse, you got a problem
We know the real you so why do you pretend?
The velvet rose, the self ???
Because I shiver in the high heel shoes
But what's inside, I feel it winning
Put your hands up if you know you're gonna lose
Put your hands up if you know you're gonna lose
Put your hands up if you know you're gonna lose
Until then, that will listen
No one is lost
Put your hands up if you know you're gonna lose
Put your hands up if you know you're gonna lose
Put your hands up if you know you're gonna lose
Until then, that will listen
No one is lost
No one is lost
No one is lost

Back to the crib, back to the castle
The bottle's empty and my bed's unmade
You have the lips, you have a lover
You're being brave but we know that you're afraid
Put your hands up if you ever feel afraid
Put your hands up if you ever feel afraid
Put your hands up if you ever feel afraid
Put your hands up, put your hands up
Put your hands up if you ever feel afraid, yeah
Until then, that will listen
Put your hands up if you ever feel afraid
No one is lost
No one is lost
Put your hands up if you ever feel afraid
Put your hands up, put your hands up
Put your hands up if you ever feel afraid, yeah
Until then, that will listen
No one is lost

No one is lost
No one is lost
No one is lost
