

Toxic Holiday

Stars

Tomorrow's life hurts my eyes
Still see me with you
Loose lives, loyal eyes
Lovers meant to
Be okay, while we fade
Misbehave, toxic holiday

We were tight, we were tired
Watching each other sleep
Just your face keeps me awake
And my body beat

Be okay, while we fade
Misbehave, toxic holiday
Be okay, while we fade
Misbehave, toxic holiday

Toxic holiday
Toxic holiday

Celebrate, carbonate
Lackadaisical love
Cause it's just us in all our rust:
Beautiful, horrible

Be okay, while we fade
Misbehave, toxic holiday
Be okay, while we fade
Misbehave, toxic holiday

Toxic holiday
