

Change My Mind

Starsailor

Maybe you think she's not for me
Maybe you think she's got a chequered history
Maybe I should not have to try
Send her some money
And have an easy life

Couldn't change my mind
Though I try this time
Couldn't change my mind
If you tried

Maybe we've lost our little way
Maybe we'll get back the dreams of yesterday
Tell me your weakness and I'll try
To make a balance
I know that I've got mine

Couldn't change my mind
Like the hands of time
Couldn't change my mind
If you tried

Lord you've tried

And if I fall would you catch me
Understand all I could be
Open up let it breath

Couldn't change my mind
Like the hands of time
Couldn't change my mind
If you tried

Lord you've tried
