

Restless Heart

Starsailor

Stayed till the morning
Left with her soul intact
Something was forming
Asked her if she'd come back

My restless heart beats like a wanton drum
Tear me apart, say I'm your only one.

She stayed till the morning
Left with her soul intact
Something was forming
Asked her if she'd come back

My restless heart beats like a wanton drum
Take it to heart, say I'm your only one.

Say I'm your only one
Say I'm your only one
Say I'm your only one
Say I'm your heart
