## **Restless Heart**

## Starsailor

Stayed till the morning Left with her soul intact Something was forming Asked her if she'd come back

My restless heart beats like a wanton drum Tear me apart, say I'm your only one.

She stayed till the morning Left with her soul intact Something was forming Asked her if she'd come back

My restless heart beats like a wanton drum Take it to heart, say I'm your only one.

Say I'm your only one Say I'm your only one Say I'm your only one Say I'm your heart
