

Good Heart

Starship

Ooh

(Give a good heart, give a good heart,
Give a good heart, give a good heart)

When it seems that all hope is gone
And so called friends aren't there to rely on
When the darkness makes it so hard to see
Just lift up your eyes, you will see me, yeah

And I'll give a good heart, to hold you so strong
I'll give you my shoulder to lean on, yeah
Gonna give a good heart, that's solid and true
And I will always stand by you

When it seems no one's there to turn to
Everyone's a stranger passing through
And all that's left is a broken dream
Just hold out your hand, reach out for me, yeah

And I'll give a good heart, to hold you so strong
I'll give you my shoulder to lean on, yeah
Give a good heart, that's solid and true
And I will always stand by you

Now there's no need to dance alone
In these arms you found your home

Ooh, whoa oh oh, give a good heart
Take my good heart, take my good heart
Take my good heart

And I'll give a good heart, to hold you so strong
I'll give you my shoulder to lean on, yeah
Gonna give a good heart, that's solid and true
I will always stand by you

Give a good heart, hold you so strong
Give you my shoulder to lean on
Gonna give a good heart, hold you're head up
So lift you're head up, lift it up
I'll show you a love to believe in, yeah

I will always stand by you
Take my good heart

Give a good heart, hold you so strong
Give you my shoulder to lean on
Gonna give a good heart, solid and true
I will always stand by you
