

It's Not Over

Starship

Listen

We don't call the shots here

We don't make the rules

We take what we get, get what we can

And it's learning the hard way

Here on the streets

You can't build a dream, without a plan

(passion speaks) let them hear you speak

(play for keeps) they play to win, we play for keeps

It's not over 'til it's over

It's not over 'til we get it right

The odds are against us

They say we don't stand a chance

But there's no giving up, no giving in

When push comes to shove

You got to fight for what you love

You do what you must, do what you can

(passion speaks) let them hear you speak

(play for keeps) they play to win, we play for keeps

It's not over 'til it's over (it's not over)

It's not over 'til we get it right

It's not over 'til it's over (don't go giving in)

It's not over 'til we get it right

The odds are against us

But you know we still stand a chance

But there's no giving up, no giving in

It's not over

It's not over 'til it's over

It's not over 'til we, 'til we, 'til we get it right

It's not over 'til it's over

It's not over 'til we, 'til we, 'til we get it right

It's not over 'til it's over

Don't go giving in now
