

## Gone N' Done N' Did It

State of Shock

Gone N Done N Did It, Ya gotta say,  
Ya gotta say, Gone N' Done N' Did It,  
Ya gotta say, Gone N' Done N' Did It

I've got a smoke in my pocket  
But I ain't got a match  
Stuck in my finger in a socket  
Just to get off my ass  
Shot a red bull N' vodka  
Just to chase back the jack  
Now I'm too drunk to drive  
But I'm too dumb to crash

So now I'm diggin' threw the ashtray  
Just to scrape up some cash  
Met a man on the bus  
But he was talkin' too fast  
Driver said ya gotta go  
Next stop is your last  
Then he kicked me to the curb so I guess that's that

They say it gets old fast  
But life was made for living  
You only get one change  
So take the one you're given  
Get off your ass  
And live it to the limit  
So you can say  
You've Gone N' Done N' Did It  
Laying on the lawn N' I lit up some grass  
Like the lights of Las Vegas, Shit's spinning so fast  
N' I'm fearing N' I'm loathing and I'm swinging at bats  
Tried everything once  
But I want more of that

Gotta say, Gone N' Done N' Did It  
Gotta say, Gone N' Done N' Did It  
Gotta say, Gone N' Done N' Did It  
Gotta say, Gone N' Done N' Did It
