

# Still Got Tomorrow

State of Shock

What would you say?  
What would you do?  
What is it you'd uncover?  
What would you find, if you could rewind,  
From all this weight your under?  
Would it be good  
Would it be right?  
or have your dreams shattered?  
Would you be lost?  
would there be a cost?  
Was it worth chasing after all (all all)  
Was it worth it (all all all)  
Was it worth it?!

Say you should've been famous  
as you look back at all of you've wasted  
Life should be what you make it  
You've still got tomorrow  
Seeing the lines all over our faces  
We all get lost in translations  
Life should be what you make it  
You've still got tomorrow

What did they know?  
What did they see?  
Flicker of hope in sunset  
Would you be the same?  
With no one to blame,  
Knowing it ain't over  
Woa woawoa  
It ain't over  
Woa woawoa  
It ain't over!

Say you should've been famous  
Woa oh  
as you look back at all of you've wasted  
Woa woawoa  
Life should be what you make it  
You've still got tomorrow  
Seeing the lines all over our faces  
Woa oh  
we all get lost in translations  
Woa woawoa  
Life should be what you make it  
Woaaaa  
You've still got tomorrow  
(Tomorrow)

Still Got Tomorrow (Woa ohhh)  
Still Got Tomorrow (Woa ohhh)

Say you should've been famous  
as you look back at all of you've wasted  
Life should be what you make it  
Woaaaa  
You've still got tomorrow

(Tomorrow)  
Seeing the lines all over our faces  
Woa oh  
we all get lost in translations  
Woa woawoa  
Life should be what you make it  
Woaaaa  
You've still got tomorrow

Still Got Tomorrow (Woa ohhh)
