

Knights Of Bostonia

State Radio

Caught the sun down at Castle Island
Summer spinning its finest gold
They were selling and we were buying
Just looking for someone to hold

I know the feeling of the fight I never saw you blink
We been up against the crab apple sling shot sting
I got my trash can lid on my wing
We're the Knights of the Round Table all

I was working on the straight and narrow
You came at me like a cannonball
I saw you sleeping at the city stables
You made me feel all of ten feet tall

The coming on coming for all the
Rules and the cops and the cold and all
All together and together we fall
Through the cracks in the city street
Through the cracks in the city street

That's right sit straight
And listen up
We are the knights of Bostonia
We'll tell the court you tell the king
That we ain't listening to you no more
We are the knights of Bostonia
Only you can set you free

I would follow you out of the city
Up Dot Ave to Savin Hill
Dock man says the water gonna kill me
Better that than sitting still

Coming on coming for all the
Rules and the cops and the cold and all
All together and together we fall
Through the cracks in the city street
Through the cracks in the city street

That's right sit straight
And listen up
We are the knights of Bostonia
We'll tell the court you tell the king
That we ain't listening to you no more
We are the knights of Bostonia
Only you can set you free

I know the feeling of the fight I never saw you blink
We been up against the crabapple sling shot sting
I got my trash can lid on my wing
We're the Knights of the Round Table all
And we'll fight the coming fall

So sit straight
And listen up
We are the knights of Bostonia

We'll tell the court to tell the king
We ain't listening to you no more
We are the knights of Bostonia
Only you can set you free

Restless nights, the innocent street
A fist to fight, a summer to keep
We are the knights of junkyard raid
The trusty steed and a summer to save

We are the knights of all Bostonia
Together we are the knights
Of all Bostonia
Together we are the knights
Of all Bostonia
Together we are the knights
Of all Bostonia
