

I'm the One

Static-X

Living in the moment
Forgotten, and repeated
No I cannot be that one
No I cannot be beaten

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you
I dont need you
With closed eyes I see right through you
I was crawling, always falling
You don't know what I have lived through

No I am not a rich man
No I am not a bitch
I know you made one mistake
This is my life
You cannot take it

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you
I dont need you
With closed eyes I see right through you
I was crawling, always falling
You don't know what I have lived through

Automatic termination
Self Destructive Revolution
Automatic termination
Automatic termination
Self Destructive Revolution
Automatic termination
Self Destructive Revolution
Automatic termination
Self Destructive Revolution
(Self Destructive)

Bring it down, to the ground
I'm unchained, not a slave

I'm the, yeah, I'm the, yeah, I'm the, yeah, I'm the one

I dont want you
I dont need you
With closed eyes I see right through you
I was crawling, always falling
You don't know what I have lived through
