

S.O.M.

Static-X

Can I not be taken
To such extremes as you whisper
The intent of your darker
Notions always remember
I have seen Symptoms of Mercy
Oragged out of hiding
Try to seduce me
Try to seduce me
Remember
So rotten
Sorry
The truth is the truth
Those are my words
Kiss me, kiss this
I don't remember
Three years, three tears
What's wrong and...damn
I feel, I fear
Never for nothing
M'm fucked, I love
Now I remeber
Remember
