No more regret for such a fool Just pain on the stack  
again again and again again  
position start to rock  
Watching the scene and the heart stops to beat  
sun is falling down, behind the horizon  
How far can it go with such a foolish reason, foolish reason

So much time spent with waiting, for someone who aint coming  
Here comes another day - along with another fate  
I figured she might loved me, many times we ´ve heard such stor  
y  
Wake up my dearest friend - here comes no happy end.

Caroline, it is your time, the client is ready to follow  
Caroline , shall we go, leavin' here all the sorrow

Never wanted to believe  
That here comes ending and she leaves  
Broken heart full of sorrow  
Better days come, but not tomorrow

Better be dead, this thought on mind never been so much bored  
The same decision now and again again  
Just quit thoughts of the Lord  
Sitting in the dark and the room is too cold  
Just waiting for Caroline, my darling  
How far can it go with such a shady feelings, shady feelings
