## **Status Praesents**

Another morning
Another reluctance
To wake up and join the stream
Why can't it be
Without nasty feelings
Why can't it go
Without custody

I try to find the answers, to the question that drives in  $\ensuremath{\mathsf{my}}$  he  $\ensuremath{\mathsf{ad}}$ 

Never been such a cool boy, cool boy

I try to find the answers, to the question that drives in  $\ensuremath{\mathsf{my}}$  he  $\ensuremath{\mathsf{ad}}$ 

Never been such a cool boy, such a cool boy to understand Every day, every night, I try to find out the answers

Such a cool boy

The dress code policy
It is making me sick
Force able smile, coffee breaks
Why can't it be
Without nasty feelings
Where is my place
In this society

I try to find the answers, to the question that drives in my he ad

Never been such a cool boy, cool boy

I try to find the answers, to the question that drives in my he ad

Never been such a cool boy, such a cool boy to understand Every day, every night, I try to find out the answers

Such a cool boy
