I'm so angry, I don't wanna be
Don't know what's it, I can't see
Lookin' for the reason of my insanity
I can't solve it, it's impossible skill
Tryin'to find someone who tells me how to be free

Freedom

World around me is full of shit
To make an order I want little bit
No ideas how to prove it
Tryin'to find someone who tells me how to be free

Freedom

Not to be nervous that I wanna be
Nobody likes me I clearly see
In this world I feel like refugee
Now I know nobody tells me how to be free

Hey motherfucker free your mind
