

Display My Soul

Status Praesents

This fuckin' society leadin' people 2 be
So stone cold so I don't wanna see
This is the intimacy & I need it 2 feel
What freedom of choice brings 2 me

I gotta display my soul
This fuckin' reality
I gotta take everything what's comin' 2 me

There is a paradox here there's no reason 2 feel
So terrified 'bout reality
There is a lot of things which cut your fuckin' wings
It's time to realize your hidden dreams

Chop!

Hey you, you see all me shy
I will take what I see in my mind

Chop! Chop!
