

Fairytale Man

Status Praesents

As a little boy I found the world so peaceful
That I really believed in
That everything is easy, nice and now I feel
That I was wrong

One step ahead - watch it out
Check your back - if it's all right
One step back - it is not your fault

Down, down to the ground
Fairytale man is speaking to me
Down, down to the ground,
He disappeared and his tale fades away
One step ahead
Check your back
If it's all right

In this I see reality
And I want my dreams get back
Fairytale man tells me that I won't achieve
All the things I want

Down, down to the ground
Fairytale man is speaking to me, to me
Down, down to the ground,
He disappeared and his tale fades away
One step ahead
Check your back
It is not your fault
