

Take Me Home

Status Praesents

Whats up many changes surround me
Check out what the fuck is goin on
Face down nobody wants to see
I wish it was like the time before
Wanna go away
I feel emptiness of feelings
This place i don't like anymore
Friendship embarrassing poses
I wish it was like before
Také me home where I was born
AWAY
What u see is what u get
Before such a beautiful time here
My god this cannot be truth
Don't know why this happen here
I wish it was like time before
Wanna go away
I close my eyes but I can see
take me away from this place
I cannot breathe
take me away
Gotta go I cannot breathe take me away
Cannot breathe
