

## Elizabeth Dreams

Status Quo

Elizabeth dreams of the day when the way  
That I looked at her made her feel she was real  
Elizabeth dreams of the time she was mine  
When she didn't need any more, she was sure  
She was sure

Out of sight, by candlelight  
And sea green, and see green horses  
I said she's out of sight by candlelight ??  
And fairy, fairy stories  
Elizabeth is not what she seems  
Elizabeth dreams, Elizabeth dreams

Elizabeth dreams, holding fast through the past  
When a morning was something new, flowers grew  
Elizabeth dreams but it's late and she's waited too long  
And tomorrow goes, now she knows  
Now she knows

Out of sight by candlelight  
And sea green, and sea green horses  
I said she's out of sight, by candlelight  
And fairy, fairy stories  
Elizabeth is not what she seems  
Elizabeth dreams, Elizabeth dreams  
Elizabeth dreams

Elizabeth dreams, Elizabeth dreams
