

# Gotta Get Up And Go

Status Quo

Sitting outside on a chair in the summer  
Not a lot on my mind  
I can do lots or not if I wanna  
Even if then I find

I've gotta get up  
Gonna be back I know  
I've gotta get up  
Better get up and go  
Better get up and go  
I gotta get up and go

Taking my time 'cos I ain't in a hurry  
Not a lot else to do  
I can lay back and I don't have to worry  
Leaving that up to you

I've gotta get up  
Gonna be back I know  
I've gotta get up  
Better get up and go  
Better get up and go

Wait just a minute  
There's something in it  
That I need I know

Walking the dog gets me up in the morning  
Johnny don't like me late  
Radio news and the sun stops me yawning  
Everything else can wait

I've gotta get up  
Gonna be back I know  
I've gotta get up  
Better get up and go  
I've gotta get up  
Gotta go do a show  
I've gotta get up  
Gotta get up and go  
Better get up and go  
Gonna get up and go

Wait just a minute  
There's something in it  
I know how to win it  
There's something in it  
That I need I know

Gotta get up and go  
Gotta get up and go  
Gotta get up and go  
I gotta get up and go

I've gotta get up  
Gonna be back I know  
I've gotta get up

Better get up and go  
I've gotta get up  
Gotta go do a show  
I've gotta get up  
Gotta get up and go  
Better get up
