

Gotta Get Up And Go

Status Quo

Sitting outside on a chair in the summer
Not a lot on my mind
I can do lots or not if I wanna
Even if then I find

I've gotta get up
Gonna be back I know
I've gotta get up
Better get up and go
Better get up and go
I gotta get up and go

Taking my time 'cos I ain't in a hurry
Not a lot else to do
I can lay back and I don't have to worry
Leaving that up to you

I've gotta get up
Gonna be back I know
I've gotta get up
Better get up and go
Better get up and go

Wait just a minute
There's something in it
That I need I know

Walking the dog gets me up in the morning
Johnny don't like me late
Radio news and the sun stops me yawning
Everything else can wait

I've gotta get up
Gonna be back I know
I've gotta get up
Better get up and go
I've gotta get up
Gotta go do a show
I've gotta get up
Gotta get up and go
Better get up and go
Gonna get up and go

Wait just a minute
There's something in it
I know how to win it
There's something in it
That I need I know

Gotta get up and go
Gotta get up and go
Gotta get up and go
I gotta get up and go

I've gotta get up
Gonna be back I know
I've gotta get up

Better get up and go
I've gotta get up
Gotta go do a show
I've gotta get up
Gotta get up and go
Better get up
