

Gotta Go Home

Status Quo

I gotta get along 'cause it's a long, long ride now
I've been away too long, I gotta get on home now
I'm getting far too old to know my dream of fortune
But the time is flowing now, I know what I must do

I gotta go home, I gotta go home
I gotta go home to ease my mind
I gotta go home, I gotta go home
I gotta go home to ease my mind

I gotta get along 'cause it's a long, long ride now
I've been away too long, I gotta get on home now
I'm getting far too old to know my dream of fortune
The time is flowing now, I know what I must do

I gotta go home, I gotta go home
I gotta go home to ease my mind
I gotta go home, I gotta go home
I gotta go home to ease my mind
