

## Gravy Train

### Status Quo

I'm on the Gravy Train, riding into the night  
On the Gravy Train, it's all gonna be alright  
Put my last on the spinning wheel  
Ship came in, one big deal  
I'm on the Gravy Train- Let it roll

Gonna live it up, moving to easy street  
Yeah live it up, I landed on my feet  
Gonna live it up, you can't keep me down  
Buy myself a big new car, drive it all over town  
I'm on the Gravy Train- Let it roll

Gonna lose my mind, take leave of my senses  
Don't give me no bill, put it down to expenses  
No more work, no more worry  
I signed on the line and collected my easy money

I'm on the Gravy Train, heading into the light  
Yeah on the Gravy Train, it's all gonna be alright  
The Gravy Train rollin' down that hill  
Last I heard it was going still  
Na na na na na na

I'm on the Gravy Train  
On the Gravy Train  
Let it roll- let it roll
