

## Green Tambourine

Status Quo

Drop your silver in my tambourine  
Help a poor man fill a little dream  
Give me pennies, I'll take anything  
Now listen while I play my green tambourine

Watch the jingle-jangles start to chime  
Reflections of the music that was mine  
When I toss a coin you'll hear it sing  
Now listen while I play my green tambourine

Drop a dime before I walk away  
Anytime you want, I'll gladly play  
Money feeds my music machine  
Now listen while I play my green tambourine  
Listen while I play my green tambourine
