

# Nevashooda

## Status Quo

Shoulda known better when I fell for you  
Shoulda known better than to follow it through  
Nevashooda touched  
Nevashooda kissed  
Lord knows you didn't insist  
Shoulda known better  
Point-blank range  
You hit my heart  
Bullseye babe  
I'm blown apart  
I hate that

Shoulda known you'd put a spell on me  
When all I wanted was company  
Nevashooda listened  
Nevashooda looked  
Lord knows you got me hooked  
Shoulda known better  
You had it planned  
From the start  
Bullseye babe  
You stole my heart  
I hate that

I nevashooda  
Nevashooda  
I nevashooda  
Nevashooda

Shoulda known better than to let you down  
Shoulda known better than to play the clown  
Nevashooda strayed  
Nevashooda lied  
Lord knows how I'll survive  
Shoulda known better  
Point-blank range  
I hit your heart  
Bullseye babe  
We're torn apart  
I hate that

I nevashooda  
Nevashooda  
I nevashooda  
Nevashooda

Shoulda known better than to pull your string  
Shoulda known better than to do that thing

Shoulda known better than to cut you out  
Shoulda known better than to scream and shout

Shoulda known better than to call your name  
Shoulda known better than to play your game

I nevashooda  
Nevashooda

I nevashooda  
Nevashooda
