One Man Band

Status Quo

When I'm talkin' nothing's getting through If I'm sreaming it's never clear to you Can you hear me , am I wasting my time Am I working in a one man band

When I'm lookin' straight into your eyes Is there anyone home , you're tellin' me lies Listen to me , are you wasting my time It's lonely in a one man band Lonely in a one man band

Words out of line , don't ever hurt you Forever crying trying to turn you around

Woh oh oh oh Woh oh oh oh Woh oh oh oh Woh oh oh oh

Anticipating what you're gonna do Still waiting for a sign from you Come together or we're wasting my time And I'll always be a one man band I'll always be a one man band It's lonely in a one man band

Woh oh oh oh Woh oh oh oh Woh oh oh oh
