

# Rock 'n' Roll

## Status Quo

Never thought I'd have a worry for me to be alone  
Playing near or far too many times should have known  
It can lose you all sleep at night  
Twelve bar blues is now alright  
Now it's up to you to try and find the reason to  
Rock 'n' Roll and every song  
Rock 'n' Roll and everyone  
It's Rock 'n' Roll and Rock and Rock 'n' Roll  
It's Rock 'n' Roll and Rock keeps rollin' on  
Waiting all the time to find radio plays on Caroline  
They say you'll get there in the end  
We can pray, what we say  
Makes a difference in the end

Looking back it can be funny, it can be very strange  
Everything we do, it's funny, we never rearrange  
It can lose you all sleep at night  
Twelve bar blues is now alright  
Now it's up to you to try and find the reason to  
Rock 'n' Roll and every song  
Rock 'n' Roll and everyone  
It's Rock 'n' Roll and Rock and Rock 'n' Roll  
It's Rock 'n' Roll and Rock keeps rollin' on  
Waiting all the time to find radio plays on Caroline  
They say you'll get there in the end  
We can pray, what we say  
Makes a difference in the end

Rushing always in a hurry, and try to give it up  
Everything we do it's funny, it's never good enough  
It can lose you all sleep at night  
Twelve bar blues is now alright  
Now it's up to you to try and find the reason to  
Rock 'n' Roll and every song  
Rock 'n' Roll and everyone  
It's Rock 'n' Roll and Rock and Rock 'n' Roll  
It's Rock 'n' Roll and Rock keeps rollin' on  
Waiting all the time to find radio plays on Caroline  
They say you'll get there in the end  
We can pray, what we say  
Makes a difference in the end
