

# Rock 'til You Drop

Status Quo

Don't hang up your shoes, just kick out the blues  
And rock 'til you drop tonight  
All we do depends upon you  
So rock 'til you drop tonight

We made all the high spots, the star studded bills and the mirror balls  
Half of the time we were playing a game  
Half of the time I could hardly remember my name

So stay with us now, and hang in somehow  
And rock 'til you drop tonight  
Rock 'til you drop tonight  
Rock 'til you drop

We hit all the high spots, the star studded bills and those mirror balls  
Half of the time we were playing a game  
Half of the time I could hardly remember my name

So stay with us now and hang in somehow  
And rock 'til you drop tonight  
All we do depends upon you  
So rock 'til you drop tonight  
Rock 'til you drop tonight  
Rock 'til you drop tonight  
Rock 'til you drop tonight
