

## Roll Over Lay Down

Status Quo

When I got home that night early one morning  
Seeing the note written in ink pinned to the door  
Taking a drink cool from the fridge from the table  
I drank a toast you were the most the night before

Roll over lay down and let me in  
Roll over it's a long way where I've been  
Roll over lay down and let me in  
Roll over lay down

When I get home tomorrow night after this morning  
Show me the care you showed in the note the night before  
Maybe I won't take a drink from the table  
Reckon I'll lay me straight down the floor

Roll over lay down and let me in  
Roll over it's a long way where I've been  
Roll over lay down and let me in  
Roll over lay down

When I get home tomorrow night after this morning  
Show me the care you showed in the note the night before  
Maybe I won't take a drink from the table  
Reckon I'll lay me straight down the floor

Roll over lay down and let me in  
Roll over it's a long way where I've been  
Roll over lay down and let me in  
Roll over lay down
