

## Round and Round

Status Quo

Monday morning, beautiful sunshine  
Don't wanna go to work now  
Guess I won't be missed this one time  
Nobody's getting hurt now  
Telephone call on the red card hotline  
I'm never gonna learn how

We go round and round and round and round and over again  
We turn inside out and upside down but in the end  
What goes round and round and round will come together again

I dream all day, she tells me I'm lazy  
I think she'd better go now  
She don't understand, she's an airhead baby  
I'm a legend in my own town  
On the cards it's a definite maybe  
There's gonna be a showdown

And we go round and round and round and round and over again  
We turn inside out and upside down but in the end  
What goes round and round and round will come together again

We go round and round and round and round and over again

Sometimes cool, sometimes crazy  
I never have a bad day  
I stay clear when everything's hazy  
I never have a mad day  
Do my best, nothing can change me  
I gotta do it my way

'Cos we go round and round and round and round and over again  
We turn inside out and upside down but in the end  
What goes round and round and round will come together again
