

Run and Hide

Status Quo

I don't know where it happened but I got myself a gun
don't want it to get crazy I don't wanna shoot no-one
I've got to change in my location 'cos there's nowhere I can stay
you ever get the feeling that it ain't your day?

Witch doctor will say your future is clear
but I got to be moving away from here
like Houdini gonna disappear
this ain't no time to be touching your fear

I got to run and hide
'cos I don't wanna die
somebody's gonna cry
I got to run and hide
'cos if I stay it will be suicide
I got to run and hide

I keep on wandering into trouble just get outta my face
is there anybody out there looking after this case
I need somebody now to help me and the mess that I'm in
it's such a long story where do I begin?

Witch doctor will say the future is clear
but I got to move far away from here
like Houdini gonna disappear
this ain't no time for touching your fear

I got to run and hide
'cos I don't wanna die
somebody's gonna cry
I got to run and hide
'cos if I stay it will be suicide
I got to run and hide

I got to run and hide
'cos I don't wanna die
somebody's gonna cry
I got to run and hide
'cos if I stay it will be suicide
I can't be keeping still
and I don't let you get your time to kill
I got to run and hide
