

# Sherri, Don't Fail Me Now!

Status Quo

Got a mess in my backyard  
I'm gonna clean it all up  
Stop a-doing things backwards  
Start struttin 'my stuff  
Oh now the time has come to change  
Strawberry fields  
Kicking my heels  
Losing my place  
And forgetting my name

There's a cupboard in my room  
I got a skeleton key  
Gonna crack it wide open  
Stop 'em following me  
Oh now it's time to change it all  
The gohst's still there  
I'm tearing my hair  
Chewing my nails  
And I'm climbing the walls

But it's alright  
If I got a problem  
You got all the answers  
Stay this night  
I'll make it up to you  
In some way somehow  
Oh but Sherri don't fail me now

Gonna get a black spotlight  
Gonna stage a new plan  
Gonna wash away the bloodstains  
Stop scrubbing my hands  
Oh no but here it comes again  
A dirty sea  
Is swallowing me  
I'm fighting for air  
On the dangerous bends

But it's alright  
If I got a problem  
You got all the answers  
Stay this night  
I'll make it up to you  
In some way somehow  
Oh but Sherri don't fail me now

But it's alright  
If I got a problem  
You got all the answers  
Stay this night  
I'll make it up to you  
In some way somehow  
Oh but Sherri don't fail me now  
Oh but Sherri don't fail me now
