

## Two Way Traffic

Status Quo

Work work fizzy busy bang bang  
Twenty-five hours a day  
Feels like working on a chain gang  
And never seems to get away  
Money to burn, money to burn  
A black noon call for show  
Where does it go, how should I know?

And it's two way traffic  
On a one way street  
All the voices in the air  
Are stuck on repeat  
It's a two-horse race  
In a one-horse town  
Like a house of cards  
It's gonna fall down  
War plays out  
Getting ready to rumble  
Survival of the fittest  
The law of the jungle  
Fold back, hold back  
Get yourself a seat  
The two way traffic on a one way street

Superman, where are you?  
We need you to pave the way  
Feels like an alien invasion  
Trouble coming everyday  
War of the worlds  
You get the girl  
They really don't  
Sound that mad  
Fighting the snow  
Way to go

And it's two way traffic  
On a one way street  
All the voices in the air  
Are stuck on repeat  
It's a two-horse race  
In a one-horse town  
Like a house of cards  
It's gonna fall down  
War plays out  
Getting ready to rumble  
Survival of the fittest  
The law of the jungle  
Fold back, hold back  
Get yourself a seat  
The two way traffic on a one way street

And it's two way traffic  
On a one way street  
All the voices in the air  
Are stuck on repeat  
It's a two-horse race  
In a one-horse town

Like a house of cards  
It's gonna fall down  
War plays out  
Getting ready to rumble  
Survival of the fittest  
The law of the jungle  
Fold back, hold back  
Get yourself a seat  
The two way traffic on a one way street
