

## Where I Am

### Status Quo

Let me know, let me see  
What is this thing that is constantly happening to me, yeah  
'Cos when you hold me tight, oh how it feels so right  
Yeah and I know where I am

If I should cry, let me cry  
My tears are crying a lullaby  
'Cos when I hold you tight, oh how it feels so right  
Yeah and I know where I am

Changes in me, learning to be  
Everything that I just silently wanted to see  
'Cos when I'm all alone, everything that I own  
Lets me know where I am  
Give to me what you can  
I'll give you all I command
