

Life Of Leisure

Steadman

Is this my rescue?
Well, I'm bound to walk on by
Will you give me a clue?
Am I grabbin' a lifeline?

Am I passing a test?
Can I be like the rest?
I'm an underachiever
Livin' a life of leisure

Woah oh oh, I've been good
Like I know, I know I should
So tired, on fire
Comin' to take a load off
Time, to think it through
Is it me, or is it you?
So tired, of fire
Comin' to take a load off

So, the flame burns on
In the quest to find optimum
But it just confuses
I can't believe it

Should I run to the hills?
Should I take lots of pills?
I'm an underachiever
Livin' a life of leisure

Well, I'm sick of wastin' time
My baby's on the line
Don't get left behind
You can come too

I'm an underachiever
Livin' a life of leisure
Don't let me down
