

No Big Deal

Steadman

I missed the boat yea
I lag behind
I will turn water into wine
But I don't find wine every time
So I feel fine

Cause its no big deal
That's the way I feel
No its no big deal
I don't mind

I missed the last call
Forgot my keys
I'm left here wondering what to do
Who is who
And what is true
Still I feel fine

Cause its no big deal
That's the way I feel
No its no big deal
I don't mind

I missed the lights burn
I'm walking home
How better time spent on my own
Truth be known and I'm alone
I feel fine

Cause its no big deal
That's the way I feel
No its no big deal
I don't mind
Yea yea yea
Yea yea yea
I don't mind
I don't mind

Cause its no big deal
That's the way I fell
No its no big deal
I don't mind
Cause its no big deal
