

Sun Lotion

Steadman

Bright, sunny day
It's OK, we are wearing sun lotion

I was layin' there, thinkin' 'bout taking off
It was Sunday morning and I was just waking up
Lookin' at the sky through my coffee cup
Sugar, you're sweet, yes I'll meet you at ten o'clock
Yeah

Bright, sunny day
It's OK, we are waring sun lotion
I've got the wheels
Bring thrills
We are wearing sun lotion

We were laughin' like kids in a candy store
We went flying, but our feet never left the floor
If you're gettin' high, then I want some more
Tastes like honey, who makes money when you got the score?
Yeah

At the end, and the sun is falling
We play 'til we break our time
At the end, and the sun is falling
We play 'til we break our time

[Chorus: x2]
